How to verify this certificate:
1. The authentication outcome must match on the certificate, the watermark frame around the photos, and the related page at certificates.legitgrails.com.
2. The unique code must match both the visible field and the faint watermark under the outcome
3. The QR code must lead to certificates.legitgrails.com showing the same item, images, and outcome
4. Faint LegitGrails logos must be visible behind the QR code

LegitGrails authentication services do not represent the opinion of any brand named directly or indirectly and should not be treated as such.

The online preliminary examination results of your goods is the result of a genuine product identification according to the information provided by the user.

As a third-party appraisal institution, the company does not participate in any sales disputes.

Due to the limitation of the photos, if there is any objection to the identification results, please submit an application within 7 days to conduct a reexamination of the identification of objects.
